D07 - After-work test record

SYNTHETIC TEST DOCUMENT - NOT FIELD EVIDENCE OR A COMMERCIAL OFFER

Reference	DEMO-INSP-D07-002
Asset	INLET-D07
Inspector	Demo Inspector
Source	Synthetic demonstration
Method	visual
Visible grate coverage	5% (fictional example)
Debris	none

Synthetic demo: most visible debris has been removed. Minor residue remains. This does not confirm hydraulic performance.

Create this test inspection only after recording the test proposal as Completed. Keep the new current form timestamp so it is later than completion.

This document demonstrates how a new inspection supports a verification record. It does not establish that real maintenance took place.

Fictional demonstration only. No actual inspection, maintenance or quotation is asserted.
