TOWNSHIP FLOODOPS / SOFTWARE DEMO

D07 - Before-work test record

SYNTHETIC TEST DOCUMENT - NOT FIELD EVIDENCE OR A COMMERCIAL OFFER

Reference	DEMO-INSP-D07-001
Asset	INLET-D07
Inspector	Demo Inspector
Source	Synthetic demonstration
Method	visual
Visible grate coverage	65% (fictional example)
Debris	leaf_litter

Synthetic demo: leaves cover about 65% of the visible grate. Actual hydraulic restriction is unknown.

Enter the actual current form timestamp when saving the demonstration record. This PDF is a sample attachment, not a site photograph or a completed field inspection.

The separate 40% hydraulic-loss scenario used in the walkthrough is an assumed model input. It is not calculated from the 65% visible coverage.
